

Statement on COVID-19

Hinsdale Model UN - March 16, 2020 (4:05 PM)

Dear delegates, staff, and families,

We hope that everyone is staying safe and practicing and putting into practice the guidelines outlined by the [Center for Disease Control](#) and the [White House](#), the [Illinois Governor's Office](#), and [DuPage County Health Department](#).

We have some good news to share with you, we can guarantee a 100% refund to each delegate if Hyatt decides to close its meeting space in July.

We would like to still provide a donation, if we are forced to cancel. Especially now more than ever. **If** we are forced to cancel, we will ask you to indicate what percentage refund you desire. Any fees not refunded will be donated entirely and directly to the World Food Programme to aid victims of the crises plaguing the Sahel region in Africa.

If you would like to voluntarily report any travel (although local and federal government advise against travel at this time) please report it here: <https://forms.gle/Ji9LPDzcTBntF3MWA>

As A Reminder:

March 13, 2020

Hinsdale Model UN will be suspending all in-person activity, meetings, and sessions until March 30th and will operate under guideline and instruction regarding “schools” and “events” under federal, Illinois, and DuPage County guidelines.

We will still operate online through h-mun.com, JotForm, Slack, ManageUN, and our staff will be able to answer your questions over the phone during the day and via email at all times. **This means you may [still register!](#)**

Our overall concern level is still **low** at this current time, seeing the conference is a number of months away. We will continue to closely monitor the various updates from local, state and federal health organizations and agencies.

We will continue to update you with further information and will continue to reassess.

Zamaan Qureshi | Ammar Hussain
